

Welcome

Welcome to Alki Beach Park. It is yours to enjoy. Please help us maintain this park and protect our environment by following all the rules. Following the rules ensures that you and others enjoy the Alki Beach experience. If you have questions, please speak with a staff person on site.

Beach Fires at Golden Gardens Park

Beach fires are also allowed at Golden Gardens Park. For 2005, public beach fire opportunities are being allowed there on a probationary basis following the fall 2004 recommendation of our Board of Park Commissioners. In fall of 2005, Parks staff will deliver a report to the Board regarding the level of user compliance of beach fire rules. At that time, Seattle Parks and the Board will publicly confer on continuing beach fire opportunities at Golden Gardens.
